**Theme:** With the Pandemic windows and looking through them out at the world has taken on a special meaning. Let's focus on all the gorgeous vistas people could see in this area by painting them.

**Paintings requirements:**

- They **may not** have been exhibited in a prior MBPAPA show
- All paintings will be delivered to the show framed and ready to hang -- including hanging wire.
- The paintings' dimensions **cannot be larger than 24 inches in height or width unframed**

Please note: In addition to the usual information on the back of your painting each piece should have a **removable label on the Front** of each work with title and name of artist. These "stickies" will be removed once the wall labels are up.

**Sales :** PG Art Center will receive a 40% commission of sales price on all pieces sold. So please take that into account when you price your entries.

**Image Submission:** This is a juried exhibit. Each artist may submit a maximum of **3** digital images to "onlinejuriedshows.com" for the jury selection process. However the juror will be instructed to only pick **a maximum of 2 entries per artist**. This way more members have a chance to be in the show.
